“ Dear Colleen,
Although we lost touch years ago, I will cherish all of my many memories of our times together when we were young. You always made me laugh with your witty humor, you were loyal and genuine. I'm saddened by my recent learning of your leaving of this world so young and I wish you peace, love, and happiness above. Rest in peace. Your cousin, Jen (Uncle Ken's daughter) I hope to try and get in touch with your sister Janice, if she reads this. I knew her through you when we spent time hanging out together. She was always so loving and generous towards you. You've gone too soon as d are missed. XOXO
