“ *My child hood summers was the best because of you. I couldn't wait to get out of school that last day. You were always there to pick me up and take me to your house. I'd stay with you and Papa for weeks untill mama and daddy made me go home. I love you so much . You'll never be forgotten. As a adult I got busy didn't see you as much and I'm so sorry. I was working Thanksgiving didn't get to see y'all. I was off the next day I should've went then, but I thought there was still time. We never know how much time we have on this Earth. Hearing you'd passed on so soon was a shock and I'm so mad with myself for not going to see you. I love our talks and will always remember and miss you.*
