“ *Ricky, Linda, and Family: Words can't express how sad I was to hear about Edith's passing. You could say that me and Edith were lifelong friends. We first met in elementary school and have remained close friends throughout our lives. I have so many good memories of Edie and the Turner family. I was thinking about the days when we both worked at the old theater in Baxley. We were in our prime and had so many good times working together at the theatre. And then I remembered spending time with her and her family and what good meals we had. And then in our later years, Edith was a blessing to me after I lost my husband....she was a true classic friend in every sense of the word. There are just so many memories that I will always cherish. Although I will miss her, I am rejoicing also because I know she has reached that promise land and is with our saviour today. Please know that you all are in my thoughts and prayers during this time of remembrance....Until we meet again Edith, may you rest in peace in the arms of Jesus.- With my deepest sympathy and love, Esther Walker Dixon*
