“ Prayers going out to the family. I meet George when we were first hired on with AAA Cooper in 1986. Not long after working with George, his employment status changed from a co-worker to that of a friend. I remember him requesting a transfer to the Baxley terminal and unfortunately the first chance fell through due to delays of our then terminal manager. And remember when the second opportunity came George had to get a stern with the manager letting him know he needed the transfer to be closer to his parents due to their health and he would be making the move with or without AAA. Luckily the transfer went through and he was able to continue his career with the company. Miss those days of the road with George and the numerous phone conversations, he will truly be missed.
