“ My deepest sympathy to the Redman family. John was my classmate at Herscher High School, and I have fond memories of him. He was a fun-loving, happy guy. I think he drove a new Mustang convertible our senior year. Johnny was probably the first person in our class who had his own car, and he enjoyed driving it around the "Square" in Kankakee. We drove around the "Square" to meet people and to "show off" our cars. May God comfort your family and give you His strength.

“ I have many great memories of working with Coach Redman for several years at the primary school. One of the first ones that comes to mind is how he would always stand in the crosswalk every morning to greet students, staff, and parents and ensure our safety. No matter the weather he would be there. Holding his umbrella, bundled up freezing, or burning up hot you could count on him to be standing there with a smile on his face and kind words or a joke for us as we crossed over to enter the building. Margaret, please know that his dedication as an educator will always be greatly appreciated. I will keep you and your family in my prayers
