“ Mary Collins went above and beyond to teach Caleb math. First she connected with him on his level. He cared for her and is the only teacher he ever caught, cleaned, and bagged fresh fish for. Such a fun memory! Mary told Caleb she would give him extra credit for every bag he brought her! Lol! A true teacher! She pulled the best out of him and I'm sure her other students over the years!! Thank you, Mary Collins! Go rest in heaven! God bless her family!
