“ Roger,
I will Miss you Always Brother. My heart has been left broken, since the day you had to go and the memories I treasure dearly, are in the tears that still flow. You're in my thoughts everyday and that's how it will be. For you are in Heaven now, but you'll Always be with me. If only I could have the chance to see your face once more, or hear your voice one final time, just like it was before. The day that Heaven calls for me, will be relief from this pain, I'll run to you with open arms and we will meet again. My Love Always your Sister Reba

“ *My Wonderful Brother Roger,*

When my phone rings I'm thinking it's you calling, I'm missing you so much already. So many memories are flooding through my mind. It's hard to believe my last brother will not be here to give me advise, watching our Bulldogs when football season starts and discussing play by plays. Our long conversations on political matters and how the world is in turmoil. We were each others sounding boards. You were so smart and up to date on so many events, I can only Imagine what Heaven looks like, seeing Jesus and our family who have gone before you , it must be Beautiful. No more pain and suffering with a new body and surrounded by Love. You will have a place in my heart Forever! Please watch over all of us until Jesus calls us home, what a glorious day that will be. 🙏❤️☐
