“ God be with you, Sam! It has been a very long time since I have seen you or your family. Jimmy said he saw you once in the Waycross Hospital when his daughter was born. She is now 22 years old so it was a long time ago. It was good to hear about you then. Our lives take many different paths but it is heartbreaking when something like this happens. I cry with you all. God be with you in your grieving process.

“ I am so sorry! I have just seen a post on Facebook! My heart is broken with your hearts. I am praying for your family. Our children had fun times playing together when they were little. They are older now than we were back then. God be with each of you as you go through the grieving process. This is heartbreaking!

“ Todd, I wish I had your way with words. We are only one year and four months apart in age and I can't remember a time in my life when you were not there. We were best friends growing up, have raised our kids together, celebrated holidays and all the countless days between. You are so much a part of my life and I can't imagine the years to come without you. I am very proud of the wonderful, loving, giving man that you have become. Your escapades have always made me laugh. You have lived life to the fullest and have accomplished a lot. The greatest being Austin, Grant and LeAnna. I promise I will always be there for them. To everything there is a season, and a time to every purpose under the heaven. A time to be born, and a time to die: I wish your time had been longer. I won't say goodbye just I will see you again some day in a place where there will not be anymore tears. Your Sister, Samantha

“ When I think or hear the name Todd Drew I think of a young kid with dreams of becoming someone one day that everyone knows and remembers. Todd was a master mind at making things happen and making others feel great about themselves. I remember many time picking Todd and his friends up in Waycross and bringing them back to Baxley. You could always hear Todd's laughter and excitement about his next adventure. Todd loved his children dearly, sitting with him after a recent graduation he talked for more than an hour about each of his children. He never stop smiling during this chat. Todd, I will always remember those fun times in the early 90's and your will do do well, make your children proud and treat all others as if they were your best friend. You will be missed. Thanks for allowing me to be a part of a friendship that will be remembered for life, Thank You Gary Mullis
