“ My dear sweet brother. Unless you are a twin you can't know the bond. I knew this day would come just not so soon. You left me ,a part of me has died as well. I should have know you would go first since I was born first you have always been competitive. When you kneel at the feet of Jesus tell him thanks. Thanks for dying for my sins and yours and for giving me a special brother like you. You were always smarter and more handsome and that made me work harder ,for that I am thankful it has made me the woman I am today. I will miss our phone calls and me making you laugh at something stupid I did. I love you and my heart is empty. Enjoy your new body and heaven.
